

HIGH PRESSURE IN PHYSICS

A. Surname1,^a B. Surname,^b, Z. Surname^{c,†}

^a *Affiliation1, Full Postal Address*

^b *Affiliation2, Full Postal Address, etc.*

Please read carefully these instructions. Configure your page in “letter size” (21.59 cm x 27.94 cm) with left, top and right margins of 3 cm and bottom margin of 2 cm. Font: Times New Roman. Title: 14 points, centered, bold. Authors: 12 points, centered, bold. Affiliation: 12 points, centered italics. Body text single-spaced, 12 points. The presenting author must be underlined. Leave one blank line after the affiliation of authors and start your abstract without writing the word “Abstract”. Abstracts must be written in English. Only a pdf version of the abstract must be submitted, see below how to name each abstract file. It will be printed without any modifications Maximum length: one page. One additional page including figures and short captions is allowed to help the referees decision but it will not be included in the abstract booklet. Note that these figures should not be cited in the abstract. References in the text should be written in square brackets [1] and must be listed after two blank lines at the end of the text of the abstract, not at the end of the page, use 10 points characters.

Abstracts will be accepted only if received by email. Send them to hpsp16@fis.cinvestav.mx, do not send multiple copies of the same message/abstract. Please write in the subject: “HPSP-16 – abstract # - Surname_FirstName”, where # must be substituted by a number if the same submitting author sends several abstracts. Please send each different abstract in a separate message. Very important: each abstract file must be named according the following rule: Surname_FirstName_#.pdf where Surname and FirstName are those of the submitting author and # must be replaced by the abstract number. The notification of abstract reception will be sent within one week after submission.

At the bottom of the page include all the information as indicated. Only one Email address for each corresponding author (no Hotmail). The final decision of the type of presentation will be taken by the conference committees. The maximum length of the text in this page must not exceed 18 cm.

[†] Author for correspondence: Z.SurnameN@email.com
